- Disclosure related to the impact of global health pandemic COVID-19 on financial statements:**
COVID-19 pandemic has rapidly spread throughout the world, including India. Governments in India have taken significant measures to curb the spread of the virus including imposing mandatory lockdowns and restrictions in activities which have adversely impacted the company's operations in terms of customer demand, supply chain matters, reduced travelling to out of state project sites, resulting in delays in project completion and recovery from customers.
However, as the major customers of the company are Government departments like Railways and State Power Corporations, therefore no permanent impairment of debtors is estimated and the company expects to recover the carrying amount of these assets in due course. Currently, it is not possible to ascertain the overall impact of COVID-19 on the Company's business. However, if the pandemic continues to evolve into a severe worldwide health crisis, the disease can have adverse effects on the company's business, results of operations, financial condition and cash flows.
- The figures for the previous period have been regrouped and restated wherever necessary, to make them comparable.
- An Amount of Rs.73.15 lacs pertains to provisions for Income Tax created in previous years, now written back.
